

WIDGET Descriptions

Text

The Text widget allows you to add a written content or HTML to your WebDVM4 website.

The image shows a configuration window for a "Text" widget. The window has a title bar that says "Text: This is a Text Widget". Inside, there is a "Title:" label followed by a text input field containing "This is a Text Widget". Below that is a large text area containing "Here is some text!". At the bottom left, there is a checkbox labeled "Automatically add paragraphs" which is checked. At the bottom right, there is a "Save" button. To the left of the "Save" button are the links "Delete" and "Close".

Callouts from the right side of the image point to specific elements:

- A callout points to the title bar text: "This is a Text Widget".
- A callout points to the text input field: "Here is some text!".
- A callout points to the "Automatically add paragraphs" checkbox: "Formats your text with paragraphs".
