

Who Would Like to Be a Vet When They Grow Up?

Wellington Elementary 5th Graders Take a Tour of My Animal Hospital with Dr. Jean Oberg

Wellington Elementary 5th Graders were in for a treat when they visited My Animal Hospital in Kobosko's Crossing. Dr. Jean Oberg engaged the students and showed them some of the daily tasks that she performs as a vet, including putting on scrubs before a surgery. They all went home with goody bags. Several children expressed an interest in becoming a vet, after seeing the good work they can accomplish.
