Prior to being anesthetized, a physical exam (\$40.00) may be required for your pet. We also require that pets are current on their Rabies Vaccination. (\$15.00) Proof will be required upon admission. Please ask if you are unsure if this applies to your pet(s).

Payment is due at the time the services are rendered. We also offer Care Credit, a credit card for Veterinary services.

We recommend performing a **Pre Surgical Screening** (blood work to evaluate your pet) **BEFORE** using any anesthetic. These tests allow us to see "inside" your pet and make informed decisions about the best way to treat him/her medically. Do we have your permission to perform these **OPTIONAL** tests?

## \$58.00 For CBC/Serum Chemistry Panel?

Yes \_\_\_\_ No \_\_\_\_

We recommend placing an IV catheter and administering fluids for all animals undergoing any anesthetic procedure. This will allow us to maintain your pet's blood pressure and liver/kidney function. It is also necessary in emergency situations in which fluids or medications are needed quickly.
