

BROWN CREEK ANIMAL HOSPITAL
(BOARDING ATTACHMENT)

PLEASE READ IF BOARDING A DOG LESS THAN 1 YEAR OF AGE

RE: PET NAME(S) _____

PLEASE BE AWARE THAT DOGS WITH PARVOVIRUS ARE ROUTINELY SEEN AND TREATED IN THE HOSPITAL. THIS IS A VERY CONTAGIOUS DISEASE. YOUNG PUPPIES ARE EXCEPTIONALLY SUSCEPTIBLE TO THIS VIRUS, AS WELL AS ANY DOG LESS THAN 1 YEAR OF AGE THAT HAVE NOT RECEIVED THEIR COMPLETE SERIES OF PUPPY VACCINATIONS.

I HAVE READ THE ABOVE AND UNDERSTAND THE RISK FOR BOARDING MY DOG AT BROWN CREEK ANIMAL HOSPITAL. I UNDERSTAND THAT BROWN CREEK ANIMAL HOSPITAL WILL NOT BE HELD RESPONSIBLE IN THE EVENT MY DOG SHOULD CONTRACT PARVOVIRUS.
