

My dearest Faith Angel

You were my co-pilot for just a day over 9 years. When we found each other you had been so mistreated, and yet you had the most loving and forgiving spirit and heart. You shared your love with every human and creature you met and were so loved by so many. Sage and Kaia thought of you as their pup. They loved you so much. You were so loving with them – kisses and snuggles. You always just wanted to be with us – the four musketeers. No matter what we were doing – playing a game, walking the mall, going to Estes, you were up for it. Sage had to teach you how to play with a toy. They dressed you up in tutu's, costumes and you loved it. You loved food – especially green beans and carrots. And of course, chocolate protein bars – ate some and hid the rest. Going to the vet was a great adventure for you since all your peeps were there. They loved you so much as well. You came to work with me, to the fair, rode in the squad car in the Christmas parade, and always sat on the console in the car – as my co-pilot. There are so many wonderful memories we shared – you were such a warrior! Bouts of cancer, pancreatitis, immune issues – you just kept going and enjoying every day! I am so honored you chose me as your Mommy and co-pilot. You will remain my co-pilot forever. Know how much you meant to me and so many others and run free and happy in heaven. We will miss you every day and think of all the beautiful memories we shared. I love you with all my heart. You are my angel.

Love, Mommy
