

Cornerstone Animal Clinic-Sedated Grooming

Phone 972-385-3555

Fax 972-392-4520

Clients Name: _____

Patients Name: _____

Procedure(s): Sedated Groom

Date: _____

Anesthetic sedation will be used on your pet today. Although not required, blood work prior to the procedure is recommended. Some pre-existing conditions can become exacerbated during or following sedation. During the grooming process, once sedated, your pet is only monitored by the groomer. A doctor is close by and notified of any issues that may arise.

<u>Under Seven Years of Age</u>	\$132.00	<u>Above Seven Years of Age</u>	\$169.00
<i>CBC & Basic Screen</i>		<i>CBC & Comprehensive Screen</i>
